# BOILER PLANT

**TIGERFLOW®**

Packaged boiler plants including pumps, controls, and environmental enclosures to provide heated water in open and closed loop applications

To place an order, please contact 214-337-8780 or [hvac@tigerflow.com](mailto:hvac@tigerflow.com)

HVAC

# BOILER PLANT

**TIGERFLOW®**

## BENEFITS

- Prefabricated and Factory Tested
- UL/C-UL Listed Packaged Pumping Systems (QCZJ)
- UL 508A-Certified – Standard for Industrial Control Panels
- Standard and Custom Control Programming
- ASME Section IX-Certified Pipe Welders
- AWS D1.1-Certified Structural Welders
- UL 508 Labeled Power and Controls
- Constant and Variable Speed Designs
- Single Source Responsibility
- Start-up and Field Training by Factory-Trained Controls Engineers (Optional)
- Dedicated Project Manager

## STANDARD FEATURES AND OPTIONS

- PLC and HMI-Based Control Technology
- All Piping Designed in Accordance with ASME B.31 Piping Codes
- All Electrical Installed in Accordance with NEC and OSHA
- NFPA 54 National Fuel Gas Code-Compliant Gas Line
- Gas or Electric Boilers
- Neutralization Kits
- Boiler Intake and Exhaust Ventilation
- Custom Paint & Colors per Engineering Specifications (Optional)
- Environmental Enclosures with State Certification (Optional)
- Seismic Calculations & Certifications by Professional Engineer (Optional)
- Suction Diffusers, Multi-Purpose Valves, Air Separators, Chemical Feed Systems, Isolation Valves, Control Valves and Controls
- Outdoor Air Temperature Sensor (OAT)

## APPLICATIONS

- Data Centers
- Commercial Buildings
- Industrial Facilities
- Process Cooling
- Institutional Facilities
- Health Care Facilities
- Educational Facilities
- Entertainment Facilities
- Food And Beverage Processing
