<b>Description of damages:</b>				
<p>Please wait until receiving authorization to return the system or components back to Tigerflow. Failure to do so will potentially incur in unauthorized freight costs that will not be covered under warranty.</p> <p>All costs related to the failure or damages of the equipment are required to be explicitly approved by Tigerflow. Any purchased materials or work performed without explicit written authorization from Tigerflow will not be covered under warranty.</p> <p>If this is a freight damage claim, Tigerflow will facilitate the process of coordinating the claim with the freight company. In the case that the payment received by the freight company does not fully cover the cost of performing the repairs, the purchaser of this unit will be liable for covering the remaining cost.</p> <p>By signing this form you are agreeing to the terms indicated above.</p>
